(BT THE ASSOCIATED PRESS—AM)
WASHINGTON, June 24.—The attention of officials of the War Department has naturally been attracted to the statement of Gen. Frederick Funston that he did not care to parade his troops in San Francisco if they were to be jeered and "sneered at by an unwhipped mob."

It was said at the department today that not only had no complaint been lodged against the officer for this statement, but it was intimated that no notice would be taken of any such complaint in view of the second statement attributed to the general, explaining and qualifying his utterances.

Gen. Funston's ctatement made in San Francisco today was to the effect that he meant no discourtesy to the people of San Francisco, and did not intend to denounce the labor unions. He, explained that he had received a number of threatoning letters, one of which said he would meet the fate of Steunenberg if he "dared to parade his troops on the streets of San Francisco." His refusal to join the parade, he said, was because not all the men asked for are available and the parading of the others is inadvisable for the reasons stated.

TERMS IT A JOKE.

Although Mr. Calhoun has had no trial the Express has libelously insisted on his guilt—merely to cater to the mob and get its pennies.

And when that great San Francisco weekly, the Argonaut, paid a glowing tribute to Los Angeles, eloquently portraying what industrial peace and freedom from labor-union domination have done for our happy city, did the yellow dog Express dare to reproduce a line of it? No. not a line. The Express has never had the honesty or the courage to print even this one chapter of local history which the Argonaut thus summarized:

Commerce Commission to Hear Arguments.

Equalization of Rates from East Is Demanded.

Entire Inter-Mountain Area Deeply Concerned.

IBT DIRECT WIRE TO THE TIMES.]

WASHINGTON, June 24.—(Exclusive Dispatch.) The case of Spokane against the Hill railroads, which has been heard of off and on for twenty years, will come up before the Internate Commerce Commission on Wedneaday, when arguments will be beard. It was among the first complaints filed after the Internate Commerce Act was passed in 1887. It was reopened after the Hepburn bill became a law last year.

The city of Spokane, located about 30 miles east of the Pacific termind of the Northern Pacific and Great Northern roads, has for many years been compelled to pay higher rates on freight from the East than that pash by the Pacific Const cities, not. The railroads justified this on the ground that the rates to the Coast terminals are controlled by water competition, but insist that the rates to Spokane are not in themselves unreasonably high.

The situation which prevalls at Spokane is aduplicated at every commercial center between the Missouri and the coast range of mountains in California. Oregon and Washington. It is not be spokane are not in themselves unreasonably high.

\$2.50 for Waists Well Worth \$5.00

Recent heat has set a good many women considering the need of a large supply of waists for the months ahead of us. While the styles are right and the prices lower than the waists can be generally bought for, it seems the only practical thing to do to buy for all summer.

This is what crowds of Los Angeles women are doing, buying for \$2.50 waists that in regular stocks are \$5, and worth the bigger price, too. We got them from a maker who needed ready money, and took a loss to get it.

The waists concerned are of fine lawns, short sleeved and buttoned in the back, many of themthough there are other equally as pretty styles; shoulders are bead-seamed; trimmings are of fine two-thread lace, embroideries and filet laces; even the backs of the garments and the sleeves are insertion trimmed, which stamps them, to women who know, as high-grade waists.

Mountain Climbing New Business for Athlete Who Recently Rode from Missouri in Sixty-six Days on Bi-cycle—Runner Loses Five Pounds in Making Ascent,

J. C. Wright climbed Mt. Wilson Sunday in I hour and 54 minutes, beating the time made by Eugene Estoppy a spek ago by five minutes, Wright started from the foot of the mountain at 7:15 o'clock, yesterday morning, and reached the summit at 9:09. At 19:28 he was again at the base of the climb. Before the trip Wright weighed 144 pounds, and after the climb tipped the scales for five pounds less, His height is 5 feet 6 inches.

His witnesses at the start were W. B. Denman, H. Gibson and R. Thompson, At the summit J. M. Beard and William H. Ross took the time. Wright tetermined to lower Estoppy's record when he read of the latter's performance in The Times.

The holder of the Mt. Wilson record strived in Los Angeles from Missourin January 22, having made the trip on the bicycle. He rode a distance of 2378 niles in sixty-six days of actual ravel. He has never had a special inserest in mountain climbing, but his thietic training has fitted him for his kind of exercise. Wright lives at lo. 1912 South Olive street.

THOMPSON'S

Pure nicotine from tobacco powerful insect and parasite destroyer

If you raise flowers, you are sure to have your troubles from bugs that over-run the plant, eat the leaves, and destroy the flowers. Examine them now, as you will find insects there, which do their greatest destruction which do their greatest destruction when the plants are young and tender. Spray the under side of the leaves at once with Thompson's Rose-Nicotine, diluted as directed, and you will kill every bug. It is a plant food as well, making them healthy and beautiful in appearance. It is colorless, stainless, and colorless, stainless, and colorless, and with and odorless, and can be used with plants. By its use you can make gardening a pleasure, instead of drudgery. The florists use

pleasure, instead of grudgery. The household use, it is equally desirable as it kills roaches, clothes moths, house ants, bedbugs, carpet bugs, and lice and fleas, whether on chickens, dogs. cats, or the human body.

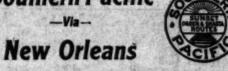

Sold in 25c and 50c cans (flquid) at all "Sun" Drug Stores. Ask us for valuable free-booklet (32 pages and 60 illustrations), "How to Destroy Insects and Vermin," which contains valuable information on their destruction.

Baldwin Refrigerators for Government Hospitals ... Twenty-Second Year ...

The Baldwin Refrigerator Company has been notified that its proposal to furnish the U. S. public health and marine hospital service with refrigerators for the current fiscal year has been accepted, making the twenty-second consecutive year that this important branch of the government service has adopted the Baldwin dry air refrigerator for use in all its hospitals and quarantine stations. So highly were these refrigerators regarded by the surgeons and stewards as far back as 1884-1885, that one of them was included in the government exhibit at world's exposition, New Orleans, marked "Standard refrigerator for hospital use."—Burlington Free Frees, August 18, 1906.

"All these laws have been declared constitutional, except the railroad rate act, and as to that act, not yet passed upon by the courts, it is believed by the great weight of legal opinion to be constitutional in respect to the power to fix reasonable rates and practices.

"The public satisfaction resulting from the enactment and the enforcement of these statutes regulating commerce has induced some persons to contend that the Congressional power to regulate commerce is a panacea for many other public evils, and it is proposed to utilize that power to accommany other public evils, and it is proposed to utilize that power to accomplish ends not within the national jurisdiction, and having no relation to the subject of the power.

CONGRESS HAS POWER.

"Over the subject of commerce among the States and with foreign nations, and its instrumentalities, the power of Congress is plenary. It may be exercised in the most general or minute way. For this purpose, congress possesses all powers which existed in the States before the adoption of the national Constitution, and its power when the subject is national is or may be made exclusive.

"For the purpose of protecting commerce, Congress may close its channels to those who are injuriously affecting it, but for the purpose of enforcing a more enlightened policy in respect to matters not within the jurisdiction of Congress, it has no such power.

A Business Enterprise Not a Real Estate Speculation

One of the most significant proofs of the actual, practical, intrinsic value of Beverly Hills property, is the fact that at the present time this district is the only spot where active buying is being done.

There is no money stringency at Beverly Hills. Builders find no difficulty in being accommodated with all the funds they wish on terms which speak eloquently for the collateral value of the property.

We shall shortly publish a few views of the splendid homes already under construction and a new list of those who will build within the next few months.

If it were possible for type to convey even a remote impression of the magnificence of this practical residence district, there would not be a single location unsold at the end of a week's time.

Human nature is naturally skeptical and it requires time for the most meritorious projects to gain recognition and respect for their worth.

Perhaps you are one of those skeptical folks who may delay until the location at Beverly Hills which you would prefer has been already selected by someone else.

With the new subway coming, it cannot be doubted that Beverly Hills property with its costly improvements and superb natural advantages, will attain a valuation comparable with similar property in similar cities. Call today and obtain complimentary tickets and information.

DEATH GRAZES AUTO VICTIM

Young Woman Suffers in Pico-street Jam.

Big Machine on Wrong Side Knocks Her Down.

Move to Squelch Speeders Takes New Start.

A deplorable accident, in which s handsome young woman was knocked down by an automobile, barely escaping death, has given impetus to the movement among residents of Pico street and its laterals to put a stop to the speeding of heavy machines on that thoroughtare.

The latest sites its laterals to get a stop to the speeding of heavy machines on that thoroughtare.

that thoroughfare.

The latest victim is Miss Bertha Halff a beautiful southern girl, who came to Los Angeles from Houston. Tex., recently with her parents, who reside at No. 1154 Magnolia avenue. She is confined to her room with severe bruises about the hips and body, and it will be several days, at least, before she can walk. There were fears at first that she had been injured internally. This does not appear to be the case.

Speaking yesterday of the accident, in the condition of the street is paved and is the only portion of the street, in addition to the space within the car tracks, that can be used for vehicles. Wife my wife and children, I was running east on Pico and a little before reaching Magnolia avenue, glanced at the speedometer, noting, with my daughter, that we were running at the rate of nineteen miles an hour. This is a mile within the twenty-mile requirement of the ordinance.

BETWEEN TWO CARS.

"We were running on the track used by east-bound street cars. As we neared Magnolia avenue, a car approached rapidly in our rear, forcing me to cross to the north side of the street. At the same time I saw the west-bound car, from which Miss Hajiff alighted, stop at Magnolia, I had crossed shortly ahead of this car.
"I attempted to sound my horn, to warn her and others, but for some reason it failed to give forth a note. With Miss Hajiff directly in my path, I then threw off the power and set the brake Something snapped and we kept on. Then I turned the car into the curb, and as the left front wheel buckled against the curb, the right faint wheel struck the young lady. When we stopped, she was lying close to the rear wheel.

"I regret exceedingly that this accident centered in profess to the a cardiant control of the section."

Then I turned the car into the curb, and as the left front wheel buckled against the curb, the right fabrit wheel struck the young 'lady. When we stopped, she was lying close to the rear wheel.

"I regret exceedingly that this accident occurred. I profess to be a careful driver. I never before have has such an experience, nor have I ever been arrested for speeding. In fact, I was running very carefully at this time because my family was with me. I have taken pains to keep informed as to Miss Haiff's condition, although, because of her insistence that she did not desire assistance of any kind, I have not called at her home since the occurrence."

with the Water Board into the Council yesterday. He asked the legislators to instruct the City Attorney to appear for "the prosecution" in the case he is filing in court.

Apparently he would like the City Attorney's office to furnish the tail for his kite. Warner did his customary high wire stunt, waxing at times more mysterious than Banquo's ghost. He hinted darkly at allegations that "will send some one high up to the penitentary" before the case is finished.

Warner's great grievance appears to be that the city water company is exchanging good water in the San Fer-

nando Valley for seepage south of the city.

The Council did not appear to be very terribly impressed by his revelations. The legislators declined to turn over to him the City Attorney's office, but referred his complaint to the City Attorney, instead.

Warner seemed especially anxious to drag Water Commissioner Mead into the controversy. "William Mead of the Water Board, is interested in the organization that is making millions out of this," he said, "it was organized without a dollar of capital and the president of the company says the revenue was \$100,000 last year. They have made millions while I and we drink slush in our water pipes—the slush that runs in the streets."

One point in Freeman's testimony, covering the original transactions between himself and Garret for the transfer of the land which became the townsite of Inglewood, referred to a matter which had not been touched upon by Garrett in the course of the ten days he spent on the witness stand. Freeman stated that a part of one of the mortgages, for which allowance was made in drawing the \$47.248 which Garrett had placed in escrow, afterward was paid. "I paid that twice," Freeman said.

WARNER'S CHARGES. A. D. (8il-er Dick) Warner, yesterday, filed his uit against the Water Board, the

day was held for trial on two counts of forgery. The examination was held before Justice Selph, and conducted by Asst. Dist.-Atty. C. C. McComas. Taylor is accused of forging the name of B. R. Whitney, a machinist, who had worked for the American Novelty Manufacturing Company, to two checks, as indorsment, which he had had drawn in Whitney's fayor. Whitney testified in the examination that he had not signed the indorsement on either check.

STANDARD OIL COMPANY (INCOMPANY) Early Closing

E wish to say that we are in hearty sympathy with the early closing movement.

We believe it to be the right move in the right direction, and the movement is bound to win out, because it is right.

Last year, after an earnest but unsuccessful effort to get the clothiers of the city to join in early closing, it will be remembered that we singly, and alone among the clothiers, closed our store at noon on Saturdays during the heated term.

This year, we are willing to say now, that we will close our store on Saturdays at 6 p. m. until September 1st, beginning this Saturday, June 29th. and if a respectable number of the clothiers will agree we are willing to say that we will close at 6 p. m. throughout the year.

The race of 1907 starts out with a dash and verve that eclipses its predecessors. Edna Wagner, the bright Los Angeles girl, who is picked for one of the winners this year, leads with a score even larger than that scored by Merle Prewitt on the first day of last year's race. Edna lays down almost they points as the result of her first day's work, Edna is one of a family of five children, left faherless two years ago, and she has ots of friends who are very anxious o see her win the race. Her father as a Master Mason and an Eik, and the daughter of their dead brother a ig lift. Hats off to Edna as the rader of the first day's race. Close on her heels comes Jennie doom, that little Boston-street huser, who ran such a gallant race last Ar, and directly Behind her comes race of 1907 starts out with a of the winners by giving her the ben-

of July 2, from 2 to 5 o'clock, when
Mrs. Burcham will entertain in honor
of Miss Ackerman.

nusicale given in Gamut Club Audierlum.

The programme, a novel one, kept he intense interest of all, for it was a varied one, and there were no walts, such as frequently mar similar affairs. The sensation of the evening, perhaps, was the singing of Miss Kathym Warner, a bright-evel young puil of Mrs. Jones-Simmons, with a sorman voice, which gives promise of a recat future. Her first number, "Polnaise" (Mignon,) exhibited the charm and beauty of her voice, in its clear, bell-like trills, and coloratura runs. Though Miss Warner is less than eighten years, her singing is full of verve and has much heart quality, together sith an unusual freshness. "Ah Fors' e Lui," from "Traviata." Miss Warner rendered with much brilliancy. Riego's "Ave Maria," as rendered by thirty solo voices, with an obligato of twelve violins, given by courtesy of Arnold Krouss, proved a thoroughly stristic number. The singers did charming ensemble work, led by their teacher, and the fresh, young voices chimed exquisitely with the instruments.

Richard Louis Phister, who is the possessor of a meilow tenor voice, with much dramatic power, was in splendid voice, and among his numbers, especially pleasing was the "Arloso" from "Pagilacci," rendered with fine feeling and expression. "Ask Nothing More" was a charming bit of sentiment as handled by Mr. Phister.

Miss McPherrin, who is the possessor of a rich contraito voice, sang charmingly, as did Miss Pelpers, who is also the possessor of a beautiful contraito voice.

"After we had got to keeping house again, I saw the same advertisement in the New York World, and made a call at the office and had a talk with G. M. Bartlett, vice-pressedent of the California Fruit Growers' Association. There were present at the time of my visit two men and two women, who were there on the same errand as my-self. I asked Bartlett questions, after telling him I had been in Southern California, and differed with him almost on every point.

California, and differed with him almost on every point.

"He claimed that half the people in this part of California lived in tents, and that one could build a very nice house in Rialto for \$500, and that water was free to the houses. He did not know that I was one of the easy marks they had found. I asked him what was the work they wanted men to do, and he told me it consisted of picking and packing fruit, remning and picking and packing fruit, remning and

to do, and he told me it consisted of picking and packing fruit, pruning and general ranch work.

"I also wrote to him under an assumed name. I received a letter from Bartlett, and he sent a lady around to see me. It appears she had taken one of their contracts, and was trying to earn a commission by securing other suckers. She told her experience with them.hugg FINE "SPECIAL OFFER."

PIANOS

Sunday we gave you a straight tip. This is only a reminder. We are on the wind-up of our GREAT REMOVAL SALE. Even the hours are numbered. We still have over thirty new pianos to close out, many of them as fine as ever stood on casters.

Absolutely the price on any one of these is the last consideration with us this week. We want to sell. We must sell, if not at our price, then yours. No reasonable cash offer will be refused, as shown by prices quoted. Here is a sample: A fine new piano, well known make, elegant antique or mahogany, genuine ivory okeys, full iron plate, and a standard size, beautiful full round tone, everything about it up-todate, sold elsewhere at \$400, today only \$248 with \$15 cash and \$6 per month. Here it is waiting for you, as well as high grades, self-playing pianos, and Grands, all in the same ridiculous proportions. Think of it, Slightly used and second-hand uprights in variety, from \$125 to \$200, and good ones too.

But why keep telling you about these things? What's the use to hear of bargains unless you have the courage to get in and avail yourself of the bargains offered? What's the matter with coming right down to the store this very morning? If you will do so, we will make it dead easy for you to do the rest. Put \$15 or \$20 in your purse, or all cash if you can, catch the first car for Broadway, come to us midway the block between Fourth and Fifth streets, west side, and we promise to make good on every statement made by us. Others are buying today and why not you? Be like David Harum;

Don't Be a Weak

I want to impress it upon every weak man that I can make him strong, vigorous, healthy, alert

and free from every taint of disease and weakness. I have limited my Specialty in practice to only a few of the more important disorders, so that I could KNOW these thoroughly. My experience along this one path for twenty-five years qualifies me to say positively that such troubles as Lost Vigor, Varicocele, Hydrocele, Contracted Disorders, Contagious Blood Polson, Stricture and "Weakness" can be cured perfectly-so as to stay cured. Of course I use different methods than the ordinary phys-

The Scientific Treatment of Weakness

Sing the system with powerful stimulants and tonics in an effort to restore functional vigor can have but one final result: The condition is rendered worse than before. "Weakness" is merely an indication of a low form of inflammation in the prostate gland, and this inflammation is but aggravated by stimulating remedies that excite temporary activity. I employ the only scientific and fully effective treatment for "weakness," which effects a permanent cure by restoring the prostate gland to a sound and healthy state. I obtain complete results in every case I treat. Interesting literature and a beautifully engraved chart free if you will call.

Bon't expect the troubles to wear away.

THE INFECTION WILL NOT CURE ITSELF.
It is a specific poison which must be neutralized,
and it is a serious matter—serious enough to call
for the advice of a specialist. Do not take any
formula or injection which may be recommended
to you. Drastic medicines are often worse than
the disease.

Child's Assailant Narrowly Escapes Lynching.

Nine-Year-Old Girl Attacked Near Her Home.

Horrible Crime Followed bu Speedy Capture.

That Jim Burnett, a negro, was not lynched yesterday afternoon near the extreme southeasterly boundary of the city, was due to the timely arrival of a sergeant of police in an automobile. Burnett had committed the crime for which they burn men at the stake in the South, and had there been time for preparation, that might have been his fate. Another negro was his captor and would have willingly assisted in meting out swift justice to the human wrute—if lynching is ever just—but Burnett was whisked away to jail in an automobile, and to that fact he owes his life.

Laura Akers, aged 2, daughter of poor parents who came here two weeks age from Bakersfield, was the negro's victim. She was so frightfully abused that she may not recover. If she dies, her assailant may yet feel the halter; if she recovers all that can be done with him is to send him to prison, for rape is not a capital crime in California.

The Akers family live in a tent-

with him is to send him to prison, for rape is not a capital crime in California.

The Akers family live in a tenthouse which they have pitched on Edwin avenue near the Los Angeles River, not far from the intersection of Boyle and Vernon avenues. Yesterday afternoon, Mrs. Akers told her two daughters to go to a little hillock on the east side of the river near Edwin avenue to pick greens for the evening meal. Laura, aged 9, and Clara, one year her junior, departed on their task and the mother went about her work without the slightest thought of impending danger.

An hour later the woman was startled by the screams of Clara, who ran to her crying that a negro was killing her older sister.

Mrs. Akers ran toward the tenthouse, arriving there just in time to see the negro depart. She called to him, but with a yell the man turned and started to run toward the river. Mrs. Akers ran into the tent and found her little daughter lying on the bed in a frightful condition. The frightened child whispered the story of the outrage to her mother, stating that the negro, after his crime, had arried her home.

Frantic with grief the mother ran o the street. There she met A. Curtis, a negro carpenter living in the neighborhood. As soon as he heard the tory of the outrage he started in puruit of the fleeing Burnett. Through he riverbed to the hill beyond ran the itarry, with Curtis and Mrs. Akers in unsuit, On the east side of the rivered, the mother fell from exhaustion and right, but spurred on for one lagt desirate effort by the yells of his puruers.

One by one the pursuers slowed was a first of the day began to

by one the pursuers slowed. The heat of the day began to them, At last but two remained, white man, the other, Curtis, a lean negro, who, pantherlike, day as he ran, gained rapidly terrified fugitive.

FIRE IN HIDE PLANT. Ten Thousand Dollare Damage Caused in Establishment on North Main Street.

Fire, the origin of which is unknown, partially destroyed the plant
of the Kauffman-Davidsoa Hide Company, No. 1701 North Main street,
yesterday afternoon. A loss estimated
at \$10,000, and partly covered by insurance, was sustained.

The fire was discovered rear the engine room shortly after the lunch hour,
but before the arrival of the department the flames had secured such a
good start that it was almost impossible to check them.

For more than an hour, in the over-powering fumes from the roasting hides and tailow, the firemen kept hard at their work, until the fiames had been beaten back and the base-ment of the building flooded.

METHODIST PICNIC.

H. W. Brodbeck, superintendent in First Methodist Sunday-school, sued an invitation to all Methodist Sunday-school, sunday-schools in the city to join reat patriotic picnic at Playa delon July 4. In the forenon there has a baseball game, swimming and other amusements, and in fternoon an etertainment in the on, following a basket lunch at There will be an address by Will A. Knighten and a promotion of the promises to be seen to be superiorized.
